17 % ● / 33 % ■ / 50 % ◆

Avg. Annual Snowfall 150 inches

Why Choose this trip?

Get a jump on the season with some early turns. Kick it off with an awesome deal and a great party.

Tremblant offers a European village with Quebecois hospitality.

Tremblant kicks the caboose of other Quebec ski resorts for snow all season long. No huge dumps lately? No worries. While other resorts find themselves at the mercy of mother nature, Tremblant blasts it's own winter. Over 600 snow cannons (the most in all of Canada) fashion plenty a fresh spot to carve.

The best part, we cram in three parties, one on the bus ride up, a welcome party when we get there, and an après Saturday night.

The nightlife in Tremblant is unparalleled. Make sure you partiers visit Le Petit Caribou, hop up on the bar, and drink through the night. Itching for some retail therapy? Tummy grumbling? There's plenty of great restaurants and eateries you'll want to tick off your list.
