Why Choose this trip?

Three great resorts, 371 trails, 53 lifts. Just try to do it all in one week.

Park City Mountain Resort is a favourite of experienced skiers and snowboarders. SKI magazine readers voted it one of the top ten resorts in North America.

Deer Valley was named the #1 ski resort in North America by readers of SKI Magazine an impressive three years in a row – in 2008, 2009 and again in 2010. The Canyons Ski Resort is Utah's largest ski and snowboard resort.

The hotel amenities include indoor/outdoor-heated swimming pool with swim through channel, indoor and outdoor hot tubs and dry sauna as well as an on-site restaurant and sports bar.

The town of Park City has a lot to offer. Try some Polygamy Porter, and keep your eyes open for stragglers from the Sundance Film Festival.

With over 100 restaurants, Park City is rumoured to have more restaurants per capita than any other city. When the sun goes down, plenty of clubs and wine bars guarantee a lively nightlife.
